## **21% Response Rate from One Mailing!**

The first marketing initiative we used from the E-Learning System enabled us to generate 164 new leads in a 9 day period... with many others coming in after that. Thank You!

### **Not Bad for a Newbie!**

After taking on your online program my company did \$245,000 in sales due to your basic principles (namely loss leader, referrals and disciplined follow up). The future looks bright and I cannot believe everything you do for me!!! This is a Godsend to every small business owner. Bless you all!
